

**Jack Ruan (Team Lead)**

1. What have I worked on?
  - a. I have been doing analysis on combining violation dataset with property evaluation dataset. I have also been working on the early insight presentation.
2. What will I be working on next?
  - a. We will be implementing metrics to rank the badness of a landlord. We will be working on our extension part of the project as well.
3. Have I run into any issues? Do I need help?
  - a. I have not run into any issues this week.
4. Have I talked to the client recently? When are we meeting with them next?
  - a. We talked to the client today at the early insights meeting

**Isabella Taboada**

1. What have I worked on?
  - a. I have been working on deliverable 2 and the early insights presentation. I compared our hazardous violations city data to the income-restricted housing data, did several slides on the early insights presentation, and completed the project extension proposal.
2. What will I be working on next?
  - a. Looking at census data if our extension gets approved. Fixing things with our current analysis that came up during the presentation.
3. Have I run into any issues? Do I need help?
  - a. Not at this time

**Li Xi**

1. What have I worked on?
  - a. I contributed to deliverable 2 and the early insights presentation. I estimated the correlation between total hazardous house violations to the total number of affordable housing units. I also completed the current progress slide.
2. What will I be working on next?
  - a. I will be working on completing the deliverable 2 report and conducting more analysis.
3. Have I run into any issues? Do I need help?
  - a. No.
